Dear White Knoll Supporter:

The White Knoll Band Boosters (WKBB) is a non-profit organization that provides financial support for the band programs in the White Knoll attendance area of Lexington School District One. The White Knoll Band Program has built a reputation for excellence and continues to be one of South Carolina's premier programs, earning the coveted OPA award every year since the program began in 2000. The White Knoll Band Program is ranked as one of the top 10 programs in the state and the Wind Ensemble was the only 5A band in the region to earn straight Superiors at the 2014 Concert Festival.

The vision of the band staff as well as the Band Boosters is to continue to give our students the opportunity to showcase their musical talents by providing them the best possible equipment and support to achieve their goals. The White Knoll Bands consist of the award-winning WK Marching Band (instrumentalists, color guard, percussion and pit), Concert Band, Wind Ensemble, Jazz Band and Winter Performance Ensemble (Percussion, Winter Guard A and Winter Guard B). Each of these groups are made up of students who are both talented and dedicated musicians and performers. Most importantly these students work incredibly hard and long hours to achieve the remarkable level of performances that have earned this program such high respect and reputation. The achievement of earning back-to-back championships in class 4A, the marching band moved up to class 5A in 2012. This move, while not within our control, is a step forward for these superior students. The financial burden, however, has increased due to travel and increased demands at this top level of competition. Unfortunately as is the case in many places, the band programs in the Lexington School District One, receive very little financial support. Across the United States, we see the budgets for music programs and the fine arts shrinking and in some cases, being cut completely.

We are looking for local businesses to partner with WKBB to bridge the gap where district funding falls short. Enclosed you will find information about the opportunity to join us with your sponsorship. Each level of sponsorship offers different benefits designed to suit the needs of different sized businesses. Please review this list to determine your level of sponsorship. All Sponsorships are tax deductible! We invite our supporters and partners to come and participate in our events and drop in from time to time to see the bands in action on the practice field. You will be humbled and amazed at the commitment these young people are willing to give to continue the tradition of excellence in performance.

We thank you for your consideration and support of our White Knoll Band Program. If you have any questions, or wish to discuss these opportunities in further detail, please don't hesitate to contact us at [wkbbsaysmeans@wkhsband.com](mailto:wkbbsaysmeans@wkhsband.com).

# **SPONSORSHIP LEVELS**
